ANSWER SHEET

MATH – 10

1. Ans. a

We know that rhombus is parallelogram whose all four sides are equal and its diagonals bisect each other at 90^0

$$\begin{aligned}\therefore AB &= \sqrt{16^2 + 12^2} \\ &= \sqrt{400} = 20 \text{ cm}\end{aligned}$$

Side of rhombus

\therefore Perimeter of the rhombus = $20 \times 4 = 80\text{cm}$

2. (a)45 (b)40 (c)32 (d)48

Ans. b

Side of square whose perimeter is 24cm

$$= \frac{24}{4} = 6\text{m}$$

So area of square = $6^2 = 36 \text{ cm}^2$

Again side of square whose perimeter is 32cm

$$= \frac{32}{4} = 8\text{m}$$

So area of this square = $8^2 = 64\text{cm}^2$

According to question

Area of new square = $64 + 36 = 100\text{cm}^2$

∴ side of the new square = $\sqrt{100} = 10\text{cm}$

Hence perimeter of new square = $10 \times 4 = 40\text{cm}$

3. Ans. c

According to question

CP of 12 articles = Rs. P

SP of 1articles = Rs. $\frac{P}{8}$

SP of 12 article = $\frac{p}{8} \times 12 = \frac{3}{2} p$

Profit = CP - SP = $\frac{3}{2} p - P = \frac{3P - 2P}{2} = \frac{P}{2}$

Profit % = $\frac{\frac{P}{2}}{P} \times 100 = \frac{1}{2} \times 100 = 50\%$

4. Ans. d

SP of 80% = CP of 40%

$\frac{80}{100} SP = \frac{40}{100} CP$

2 SP = 1 CP

$\frac{CP}{SP} = \frac{2}{1}$

5. Ans. c

Spirit water

Spirit = $3 \times 3 = 9$ liters

6. Ans. d

$$\text{Avg. speed} = \frac{2xy}{x+y}$$

$$6.4 = \frac{2 \times 16 \times y}{16 + y}$$

$$6.4 \times (16 + y) = 32y$$

$$102.4 + 6.4y = 32y$$

$$y = \frac{102.4}{25.6}$$

$$y = 4 \text{ km/hr}$$

7. Ans. c

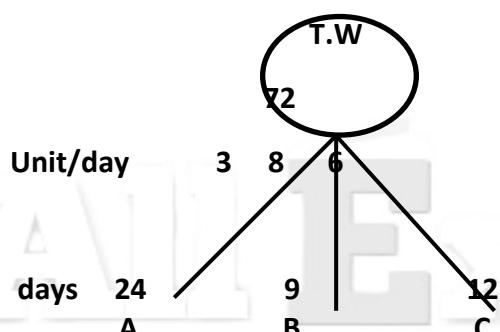

Total number of run scored in 100th innings

$$= 100 \times 100 - 99 \times 99$$

$$= 10000 - 9801$$

$$= 199$$

8. Ans. c

B and C start the work. In 3 days they will do = (B + 6) units/day × 3 days = 42 units

$$\text{Work left} = 72 - 42 = 30$$

$$\text{A will do in } = \frac{30}{3} = 10 \text{ days}$$

9. Ans. c

$$\text{T.W}$$

$$7 \times 4 \times 5 = 140$$

$$5 \quad 4$$

28
 (7×4)
A

35
 (7×5)
B

B completes remaining work in 17 days = $17 \times 4 = 68$ units

$$140 - 68 = 72 \text{ units}$$

72 units of work would have been done by A and B together

So they had completed in = $\frac{72}{5+4} = 8 \text{ days}$

A leaves after 8 days

10. Ans. b

Let the speed of stream = $y \text{ km/h}$

And the speed of boat in still water = $x \text{ km/h}$

$$x = 4y$$

$$\frac{30}{x+y} + \frac{30}{x-y} = 8$$

$$\frac{30}{5y} + \frac{30}{3y} = 8$$

$$\frac{6}{y} + \frac{10}{y} = 8$$

$$Y = 2 \text{ km/h}$$

REASONING – 5

11. Ans . b

H is the daughter of D and E

D is E's wife

C is D's brother

So, E is C's brother – in – law

12. Ans. d

Gopi	Uday	Ram	Manu	Raju	Jose	
------	------	-----	------	------	------	--

So Raju is sitting the nearest of Jose

13. Ans. 4

**B is to immediate right of C****14. Ans. b****THE OfficerSadda****15. Ans. 2****GS – HISTORY- 10****16. Ans : A**

Bengal Gazette was an English newspaper published from Kolkata (then Calcutta), India. It was the first major newspaper in India, started in 1780. It was published for two years. Founded by

James Augustus Hicky. The beginning of modern Indian press occurred in 1766 with the publication of a paper by Bolts.

17. Ans : D

Fishir Kumar founded 'Amrit Bazar Patrika' in 1868 in Colkata. It was primarily published in the Bengali language 1878 it was converted to English to avoid the Native language Press Act. Girish Chandra Ghosh started publishing 'Bengali' in 1862 which was overtaken by S.N. Banerjee in 1879. 'Hindu Patriot' was also started by Girish Chandra hosh. Later Harishchandra Mukherjee became its editor.

18.Ans. (d)

Gopal Krishna Gokhale was a prominent social reformer of India who founded an organization to work for the relief of underprivileged. He led the moderate nationalists in the early years of the Indian Independence Movement. As an influential and respected member of the Indian National Congress, the leading Nationalist organization in the pre-independent India, Gokhale advocated moderate and Constitutional methods of agitation and gradual reform. He participated for the first time in 1888 Congress Session at Allahabad. He was elected to Bombay constitution Council and later for Imperial Legislative Council

19.Ans.(a)

After the year 1906, the effect of extremism had increased on the Indian National Movement. The Congress split at Surat came in December 1907, around the time when revolution- ary terrorism had gained momentum. The extremists were aggressive nationalist members of Indian National Congress. The important extremist leaders were Lala Lajpat Rai, Bal Gangadhar Tilak, Bipin Chandra Pal and Aurobindo Ghosh. Tilak announced that Swaraj is my birthright and I shall have it".

20. Ans.(a)

Aurobindo Ghosh was the main leader of Swadeshi Movement(started in 1905) which started against the Bengal partition. Other main leaders of this movement were Lala Lajpat Rai (Punjab), Bal Gangadhar Tilak (Maharashtra) and Bipin Chandra Pal (Bengal).

21. Ans. (d)

The citizens of Rangpur held a conference on 16 November, 1905. On 8 November 1905, the Rangpur National School was started with the objective of imparting indigenous education both general and technical to Indians. The birth of the National school sparked off the

movement culminating in the formation of the National Council of Education (NCE). The order directing the flogging of the students of Madaripur high school and its defiance by the Headmaster acted as a major catalyst. In a meeting held on 9 November, 1905, at the field of Academic Club, Subodh Chandra Basu Mullick pledged Rupees one lakh for the foundation of a National University in Bengal. On the call of Ashutosh Chowdhary to boycott Calcutta University, eminent men of the country were asked to rally on 16 November at the Bengal landholders Association for a conference to found a National Council of Education dealing with literary, scientific and technical fields at all-India level and under national control. The NCE founded the Bengal National College and Bengal National School on 15 August, 1906.

**OfficerSadda****22. Ans. (b)**

Downward Filtration theory was related to educational upliftment during India's colonial period. The filtration theory in education meant coming down of education or knowledge from top to bottom, i.e., from the higher class people to the lower classes or the general people. Lord Macaulay explained his point of view by stating that the purpose of the company was only to educate the elite group which would educate the general public later-thus fulfilling the goal of educating the masses in general.

23. Ans. (d)

By the late 17th century and early 19th century Bengal had begun to emerge as an essential source of supply that the East India company could purchase for sale in Europe. Goods purchased from Bengal included cotton, cloth, opium, salt- petre, sugar and silk.

24.Ans.(c)

Commercialization of agriculture was the result of British rule in India in the 19th century. Farmers were forced to grow cash crops which were imported to Great Britain as raw materials of the English factories. The period also saw decline in urban population and destroyed domestic factories. Indians started producing crops for commercial use on a large scale. 19th-century agriculture became commercial due to the use of modern agricultural equipment. British rulers forced farmers to grow Indigo and other cash crops which can be used as a raw material for British manufactures. As a result urban population reduced and domestic Industries were destroyed.

25.Ans.(c)

The Permanent Settlement (1793 AD) introduced by Lord Cornwallis and also known as Permanent Settlement of Bengal was an agreement between East India Company and Bengali

GET IT ON

Google Play

landlords to fix revenues to be raised from the land. It is also known as Ist-e-Marari, Jagirdari, Maalguzari, Bishvedari etc.

The Permanent Settlement of Bengal stood on the following features - It recognized the landlords as the proprietors of the land. It also recognized the rights of a hereditary successor or lawful successors of the landlords. The government believed that these landlords would remain faithful to the British. The landlords were given the right to transfer or sell their land. All the rights of the landlords depended on their payment of the fixed revenue on the fixed date at the treasury of the government. All their rights ended if they failed to pay. The total amount of revenue to be paid by each landlord for his Zamindari was fixed once for all. It was agreed that the tax rate would not increase in the future.

POLITY – 10

26. Ans.(c)

Justice K.S. Puttaswamy (Retd.) and others. Vs. Union of India, is a landmark judgment of the Supreme Court of India, which holds that Right to Privacy is protected as a Fundamental Rights under Article 21 of the Constitution of India. Hence Option (c) is correct.

27. Ans. (d)

Article 24 says that no child under the age of fourteen years shall be employed to work in any factory or mine or engaged in any other hazardous employment. United National Charter has proclaimed that childhood is entitled to special assistance for the full and harmonious development of a child and his or her personality should grow up in a healthy environment.

28. Ans. (b)

The first Governor who was dismissed from his office was Prabhudas Patwari, the Governor of Tamil Nadu. He was removed from his office in October, 1980. Raghukul Tilak was the first Governor of Rajasthan who was dismissed in August, 1981 from his office.

29. Ans.(c)

The National Women's Day of India is observed every year on 13 February. This day is observed on the birth date of India's first woman Governor Sarojini Naidu. She was born on 13 February 1879 and died on 2 March 1949.

30. Ans.(c)

Every Judge of a High Court is appointed by the President by warrant under his hand and seal after consultation with the Chief Justice of India, the Governor of the State, and, in the case of appointment of a Judge other than the Chief Justice, by the Chief Justice of the High Court. While members of the Public Service Commission and the Advocate General is appointed by the Governor on the advice of the Chief Minister.

31. Ans. (d)

Part IV-A of the Constitution deals with the fundamental duties. Originally, the Constitution of India did not contain these duties. Fundamental duties were added by 42- and 86. Constitutional Amendment Acts. At present, there are 11 fundamental duties. Citizens are morally obligated by the Constitution to perform these duties. It shall be the duty of every citizen of India to uphold and protect the sovereignty, unity and integrity of India.

32.Ans.(a)

To vote in public elections is not a fundamental duty. Other options are mentioned in the Part IVA- To develop scientific temper - Art. 51A(h). To safeguard public property - Art. 51A(i). To abide by the Constitution and respects its ideals - Art. 51A(a).

33.Ans- (d)

In October 1953 Andhra Pradesh was the first state to be created on linguistic basis, by separating the Telugu Speaking areas from the Madras state.

34. Ans.(a)

The United Liberation Front of Assam (ULFA) is a separatist outfit operating in Assam. It was founded on 7 April, 1979. It seeks to establish a Sovereign Assam via an armed struggle. This organization was banned by the Government in 1990.

35.Ans.(a)

The State of Mysore was renamed as Karnataka by Mysore State (Alteration of Name) Act, 1973 while Goa was separated from Daman and Diu in 1987, State of Bombay was bifurcated into Gujarat and Maharashtra by Bombay Reorganisation Act, 1960 and Himachal Pradesh which was previously in the list of Union Territory, became State in 1971.

ECONOMICS – 10

36. Ans (c)

The financial year for banks in the country is April–March while the RBI financial year is July–June, which is from July 1 to June 30. Bimal Jalan committee on Economic Capital Framework (ECF) recommended RBI to change its accounting year to April–March from FY 2020–21. RBI has decided to change its accounting year to April–March from FY 2021–22 (from April 1, 2021).

37. Ans: (c)

There are two types of money markets -

1. Organized Money Market

2. Unorganized money market

The main technique of organized money market is soliciting money market, deposit certificate, trade bill market, treasury bill market etc. But in all these techniques, soliciting money market is a major part of Organized money market, which is short term.

38. Ans: (b)

Indian rupee was converted into current account in August 1994. The rupee has not yet been converted into a capital account in India. In connection with the convertibility of the rupee on the capital account, two committees were constituted under the chairmanship of SS Tarapore - first in May 1997 and second in March 2006.

39.Ans. (d)

Indian economy is termed as the developing economy of the world. Some features like low per capita income, higher population below poverty line, infrastructure, agriculture based economy, hidden unemployment and lower rate of capital formation, tagged it as a developing economy in poor the world.

40. Ans. (a):

Amitabh Kant is presently CEO of National Institution for Transforming India (NITI Ayog). He is a member of the Indian Administrative Service, IAS (Kerala Cadre: 1980 batch). The NITI Aayog is a policy think tank of the Government of India, established with the aim to achieve sustainable development goals with cooperative federalism by fostering the involvement of State Governments of India in the economic policymaking process using a bottom-up approach.

41.Ans.(c)

Dr. vargis Kurien is the father of the White Revolution in India. Dr. Kurian established the Gujarat Cooperative Milk Market Federation in 1973.

42.Ans. (a)

Raj committee is associated with Tax on agricultural income.

43.Ans. (d)

The National Handicapped Finance and Development Corporation was established by the Government of India in January, 1997 as a non-profit company under the Ministry of Social Justice and Empowerment

44. Ans. (a)

India has had to get foreign aid from many sources to meet its needs. These include capitalist and socialist countries and international institutions. Indian Development Forum countries

include Austria, Belgium, Canada, Denmark, France, Germany, Italy, Japan, Netherlands, Sweden, UK and USA. The International Reconstruction and Development Bank (World Bank) and its related institutions, such as the International Development Association are its members. The largest share of foreign aid has come from member countries of the Aid Club (India Development Forum), to which member countries and the World Bank Group have

45. Ans.(c)

National Bank for Agriculture and Rural Development (NABARD) was established on 12 July 1982 by an Act of the Parliament. NABARD, as a Development Bank, is mandated for providing and regulating credit and other facilities for the promotion and development of agriculture, small scale industries, cottage and village industries, handicrafts and other rural crafts and other allied economic activities in rural areas with a view to promoting integrated rural development and securing prosperity of rural areas, and for matters connected therewith or incidental thereto. The major functions of NABARD include promotion and development, refinancing, financing, planning, monitoring and supervision. Its aim is Developmen Bank of the Nation for Fostering Rural Prosperity. NABARD is wholly owned by Government of India.

SCIENCE- 10

46. Ans. (d)

Ethylene gas is an important natural plant hormone, used to force the ripening of fruits.

47. Ans. (b)

In gas welding, the mixture of oxygen and acetylene are used.

48. Ans.(a)

Hydrogen gas is used in the manufacturing of vanaspati ghee. To prepare the vanaspati ghee, hydrogen gas is passed through vegetable oils under 8-10 atmospheric pressure in the presence of nickel powder (which works as catalyst) at a temperature of 150-180°C, and oil changes into vegetable ghee or solid fat known as vanaspati ghee. This process is called hydrogenation. Hydrogenation is a process in which unsaturated compounds combine with hydrogen in the presence of a catalyst and in other suitable conditions and are converted into saturated compounds.

49. Ans.(C)

Hydrogen gas is used in the manufacturing of vanaspati ghee. To prepare the vanaspati ghee, hydrogen gas is passed through vegetable oils under 8-10 atmospheric pressure in the presence of nickel powder (which works as catalyst) at a temperature of 150-180°C, and oil changes into vegetable ghee or solid fat known as vanaspati ghee. This process is called

hydrogenation. Hydrogenation is a process in which unsaturated compounds combine with hydrogen in the presence of a catalyst and in other suitable conditions and are converted into saturated compounds.

50. Ans. (b)

In solid state electronics, either pure silicon or germanium may be used as the intrinsic semiconductor which forms the starting point for fabrication. Each has four valence electrons but germanium at a given temperature has more free electrons and higher conductivity. Silicon is by far the more widely used semiconductor for electronics because it can be used at much higher temperatures than germanium.

51. Ans. (b)

Germanium and silicon are the main elements which are used as a semiconductor in transistors. Their conductivity on the normal/room temperature lies between the conductivity of conductors and insulators,

52. Ans.(a)

The working principle of a washing machine is based on centrifugation. Centrifugation is a technique which involves the application of centrifugal force to separate particles from a solution according to their size, shape, density, viscosity of the medium and rotor speed.

53. Ans.(a)

As we know $v=u+at$ or $at = V - u$

$$a = (V-u)/t$$

where, v = final velocity of the particle

u = initial velocity of the particle

a = acceleration, t = time

54. Ans-c

When an oil tanker is partially filled with oil and moves forward on a level road with uniform acceleration, the free surface of oil then is inclined to the horizontal with larger depth at the rear end.

55. Ans.(a)

The amnion is a membrane that covers the embryo. It is filled with the amniotic fluid which causes the amnion to expand and become the amniotic sac which serves to provide a protective environment for the developing embryo.
