ANSWER SHEET

MATH – 10

1. Ans. d

BD = length of diagonal = speed × time

$$= \frac{52}{60} \times 15 = 13 \text{ m}$$

$$\text{BD} = \sqrt{1^2 + b^2} = 1^2 + b^2 = 13^2 = 169$$

$$\text{Again } l + b = \frac{68}{60} \times 15 = 17$$

$$(l + b) = 1^2 + b^2 + 2lb$$

$$17^2 = 169 + 2lb$$

$$lb = \frac{120}{2} = 60 \text{ m}^2$$

2. Ans. d

Let the breadth be = x m

∴ length = (23 + x) m

$$\Rightarrow 2(X + 23 + x) = 206$$

$$4X = 206 - 46$$

$$X = \frac{160}{4} = 40$$

$$\therefore \text{length} = 40 + 23 = 63 \text{ m}$$

∴ Required area

$$63 \times 40$$

$$= 2520 \text{ m}^2$$

3. Ans. b

Length of rectangle = 48 m

Breadth of rectangle = 16 m

According to question,

Perimeter of square

Perimeter of rectangle

$$4 \times \text{side} = 2(48 + 16) = 2 \times 64$$

$$\text{side} = \frac{2 \times 64}{4} = 32\text{m}$$

$$\therefore \text{Area of the square} = (\text{side})^2 = (32)^2 = 1024$$

4. Ans. a

Let the total income is $= 12x$

$$\text{Spend on food} = \frac{1}{4} \times 12x = 3x$$

$$\text{Spend on rent} = \frac{2}{3} \times 12x = 8x$$

$$\text{Remaining income} = 12x - 3x - 8x = x$$

$$X = 630$$

$$\text{Spend on rent} (8x) = 630 \times 8 = 5040$$

5. Ans. a

$$(264)^{102} + (264)^{103}$$

$$4^1 \rightarrow 4 \rightarrow 4$$

$$4^2 \rightarrow 16 \rightarrow 6$$

$$4^3 \rightarrow 64 \rightarrow 4$$

Rule: When 4 has odd power then unit digit is 4

When 4 has even power unit digit is 6

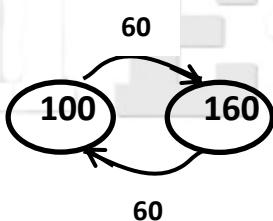

$$(264)^{102} + (264)^{103}$$

$$4^{102} \quad 4^{103}$$

$$\text{Unit digit} = 6 + 4 = 10 \rightarrow 0$$

6. ANS- (b)

Let price of sugar then

$$\begin{aligned}\text{Reducing \%} &= \frac{60}{160} \times 100 \\ &= \frac{300}{8} = \frac{72}{2} = 37\frac{1}{2} \%\end{aligned}$$

7. Ans. C

$$20\% = \frac{1}{5} + 1$$

After increasment = $1 + 5 = 6$

To get back 5 we subtract 1

from 6 so % decreament = $\frac{1}{6} \times 100$

$$= 16\frac{2}{3}\%$$

OfficerSadda

8. Ans. B

Let total Number of worker in beginning is 'N'

According to question

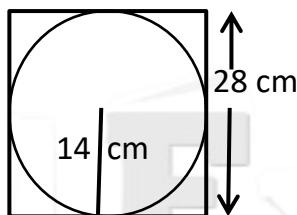

$$\frac{N \times 100_{days}}{1work} = \frac{(N-10) \times 110_{days}}{1work}$$

$$100N = 110N - 1100$$

$$10N = 1100$$

$$N = 110$$

9. Ans. D

Radius of the largest circle

$$= \frac{1}{2} \times \text{Side of square}$$

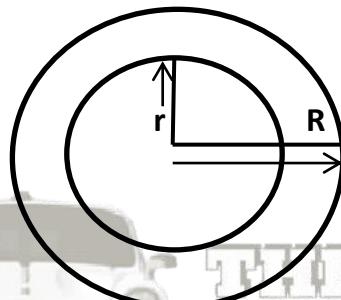

$$= \frac{1}{2} \times 28 = 14\text{cm}$$

Area of the circle = $\pi(\text{radius})^2$

$$= \frac{22}{7} \times 14 \times 14 = 616\text{cm}^2$$

GET IT ON

INDIA'S BIGGEST ONLINE/OFFLINE STUDY CENTRE

740-88-2-6666
740-88-3-6666**10. Ans. B**

$$\therefore 2\pi r = 88$$

$$r = \frac{88 \times 7}{2 \times 22} = 14 \text{ cm}$$

$$2\pi R = 132 \text{ cm}$$

$$R = \frac{132 \times 7}{2 \times 22} = 21 \text{ cm}$$

The area between two circles

$$= \pi(21)^2 - \pi(14)^2$$

$$= \pi(21^2 - 14^2)$$

$$= \pi(21 + 14)(21 - 14)$$

$$= \frac{22}{7} \times 35 \times 7 = 770 \text{ cm}^2$$

REASONING – 5**11. Ans.d**

E is the son of B and C

A is the uncle of E and father of D.

Therefore, E is cousin of D.

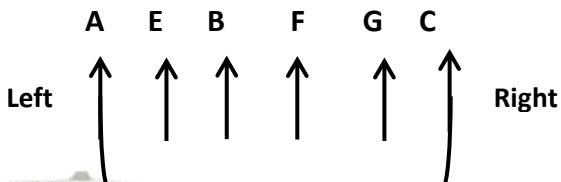

12. Ans. 1

O is the husband of P. M is the son of P.

Therefore, M is the son of O.

God who is omnipresent and omniscient Maharishi Devendranath Tagore (1817-1905) had the credit to proceed this as theist movement who joined the movement in 1843, Maharishi Devendranath Tagore appointed Keshav Chandra Sen as Acharya of Brahmo Samaj, Keshav Chandra Sen made this movement popular and later established its branches in Uttar Pradesh and Madras.

19.Ans : c

J. B. Kripalani was the President of Indian National Congress at the time of Independence Elected in November 1946 at Meerut Session. Acharya (scholar) Jiwantram Bhagwandas Kripalani was a Gandhian Socialist, environmentalist, mystic and freedom fighter and was noted for his incorruptibility and determination. Kripalani was prominently involved over a decade in top Congress party affairs and the organization of the Salt Satyagraha and the Quit India Movement. Kripalani served in the interim Government of India (1946–1947) and the Constituent Assembly of India.

20. Ans : d

The last session of Indian National Congress attended by Bal Gangadhar Tilak was Amritsar Session, 1919. He had mellowed sufficiently to oppose Gandhi's policy of boycotting the elections to the legislative councils established as part of the reforms that followed from the Montagu-Chelmsford Report to Parliament in 1918. Instead, Tilak advised the delegates to follow his policy of 'responsive cooperation' in carrying out the reforms, which introduced a certain degree of Indian participation in regional Government. He died on 1st August, 1920.

21.Ans. (d)

Shiv Verma was not the member of 'Hindustan Republican Association' (HRA). He associated himself with its renewed form of organization, Hindustan Socialist Republican Association, while others such as Bhagat Singh, Chandrashekhar Azad, and Ramprasad Bismil were the members of HRA previously. Shiv Verma was sentenced to life imprisonment for charges of Lahore Conspiracy.

22. Ans. (b)

Shachindra Nath Sanyal, Ram Prasad Bismil" and Chandra Shekhar Azad established revolutionary institution-Hindustan Republican Association in October, 1924. The treasury of Government was looted by this organization at Kakori, a place in Lucknow-Saharanpur section of the northern railway, on 9 August, 1925. This incident is known as Kakori Conspiracy, Twenty-nine revolutionaries were arrested in which Ram Prasad Bismil, Asfaqullah, Roshan Singh and Rajendra Lahiri were hanged while Azad escaped. Azad was the only member of HRA who was never arrested by the British Government.

23. Ans.(c)

September, 1928 Hindustan Socialist Republican Association (HSRA) (a revolutionary organization) was established at Feroz Shah Kotla, New Delhi by Chandra Shekhar Azad, Bhagat Singh, Sukhdev and others. This organization worked more dangerously from 1928 to 1931. December, 1928 Bhagat Singh, Chandrasekhar Azad, and Rajguru killed the Police Superintendent Saunders in retaliation to his orders of lathi charge during the procession in opposition to the Simon Commission. Two members of HSRA Bhagat Singh and Batukeshwar Dutt also threw a bomb in Central Legislative Assembly on 8 April, 1929, when the proceedings were going on for trade dispute and safety bills.

24. Ans.(c)

Sadler Commission was related to education. In 1917, the Government of India appointed a commission to study and report on the problems of Calcutta University. Dr. M.E. Sadler, Vice-Chancellor of the University of Leeds, was appointed its Chairman. The commission included two Indian members, namely Sir Ashutosh Mukherjee and Dr. Zia-ud-din Ahmad. The Sadler Commission held the view that the improvement of secondary education was a necessary.

25. Ans. (d)

The citizens of Rangpur held a conference on 16 November, 1905. On 8 November 1905, the Rangpur National School was started with the objective of imparting indigenous education both general and technical to Indians. The birth of the National school sparked off the movement culminating in the formation of the National Council of Education (NCE). The order directing the flogging of the students of Madaripur high school and its defiance by the Headmaster acted as a major catalyst. In a meeting held on 9 November, 1905, at the field of Academic Club, Subodh Chandra Basu Mullick pledged Rupees one lakh for the foundation of a National University in Bengal. On the call of Ashutosh Chowdhary to boycott Calcutta University, eminent men of the country were asked to rally on 16 November at the Bengal landholders Association for a conference to found a National Council of Education dealing with literary, scientific and technical fields at all-India level and under national control. The NCE founded the Bengal National College and Bengal National School on 15 August, 1906.

POLITY – 10

26. Ans.(c)

The main objective of the Constitution is to secure justice- social, economic, political, liberty of thought, expression, belief, faith, worship, equality of status and opportunity, to all its citizens. The advancement of the people should not be a barrier to the advancement of the nation, so the promotion of fraternity is also aimed in the Constitution. The ideals and objectives outlined by the Preamble are included in the chapter related to Fundamental Rights, Directive Principles and Fundamental Duties.

27. Ans.(c)

Social Equality has been guaranteed in our Constitution under "Right to Equality' in Articles 14 to 18. The Preamble to the Constitution also aims to ensure social equality.

28.Ans. (b)

The Preamble explicitly provides for Economic Justice as an objective of the Indian Constitution. The part of Directive Principles of State Policy, on the other hand, contains several Articles, which provide for Economic Justice. e.g., Article 38(1) says "The State shall strive to promote the welfare of the people by securing and protecting as effectively as it may a social order, in which justice, social, economic and political, shall inform all the institutions of the national life."

29.Ans.(c)

Economic and Social Planning and infants and minors subjects come under Concurrent List. Both the Central and State Governments have the right to make laws on subjects of concurrent list. Thus, option (C) is the correct answer.

30. Ans. (b)

National Social Assistance Programme was launched on 15 August, 1995 by the Government to fulfil the provisions of Directive Principles of State Policy regarding right to work, to education, and to public assistance in certain cases. National old Age Pension Scheme (NOAPS), National Family Benefit Scheme (NFBS) and National Maternity Benefit Scheme (NMBS) were included in National Social Assistance Programme from beginning. But on 1 April 2001, NMBS was made a part of population control scheme.

31. Ans.(a)

15th Finance Commission was constituted according to the provision of article 280 by the President on 27 November, 2017. N.K. Singh was nominated as the chairman of this commission. The tenure for the enforcement of recommendation of the 15th Finance Commission was from the year 2020 to the year 2025, but the commission submitted two reports the first report consisted of recommendation for the financial year 2020-21 and the final with recommendation for 2021-26.

32. Ans.(c)

15th Finance Commission was constituted according to the provision of article 280 by the President on 27 November, 2017. N.K. Singh was nominated as the chairman of this commission. The tenure for the enforcement of recommendation of the 15th Finance Commission was from the year 2020 to the year 2025, but the commission submitted two reports the first report consisted of recommendation for the financial year 2020-21 and the final with recommendation for 2021-26.

33. Ans. (d)

The 42nd Amendment Act of 1976 curtailed the judicial review of the high court. It debarred the high courts from considering the constitutional validity of central law. However, the 43rd

Amendment Act of 1977 restored the original provision. The High court has the power to invalidate any central law which goes against the ethos of the constitution. Similar is the case of Supreme Court. If any constitutional amendment goes against the basic structure of the constitution supreme court has the power to call it into question. Hence both the statements are wrong.

34. Ans. (b)

Under Article 143(1) of the Indian Constitution, the Supreme Court of India act as an advisory body to the President of India who can ask for advice on any matter of law or fact of public importance.

35. Ans.(a)

Under Article 143(1) of the Indian Constitution, the Supreme Court of India act as an advisory body to the President of India who can ask for advice on any matter of law or fact of public importance.

ECONOMICS – 10

36. Ans. (c)

The Commission for Agricultural Costs and 73 Prices in India, formerly known as the Agricultural Price Commission, was formed in 1965. In 1985, it was renamed CACP. Since its inception, this commission has been advising the government to determine the minimum support price, recovery value, allocation value of agricultural products. The minimum support price is announced twice a year by the CACP and it declares the MSP for 23 major crops.

37. Ans. (c)

National Agricultural Cooperative Marketin Federation of India Ltd is an apex agency of marketin cooperatives for agricultural produce in India. It wa established on 2 October 1958 and is registered under th 5 Multi State Cooperative Societies Act.

38. Ans. (c)

Interest rate is tool of RBI's monetary and credit policy, while the other options in question are instruments of fiscal policy.

39. Ans. (a)

The budget is a decreasing sequence of deficits fiscal deficit, Revenue deficit and Primary deficit. In Budget 2021-22 Revenue deficit is targeted at 5.1% of GDP, and Fiscal deficit is targeted at 6.8% of GDP. The target for primary deficit (which is fiscal deficit excluding interest payments) is 3.1% of GDP.

40.Ans. (c)

The 'budget' is a paper of the fiscal policy of the government. The government declares its income- expenditure policy every year called the 'Budget'.

41. Ans: (d)

The Prevention of Money Laundering Act, 2005 came into force in 2005. Money laundering refers to the illegal money earned as illegally earned money. It is an act of concealing illegally earned black money. The Money Laundering Act in India was enacted in the year 2002 and came into force on 1 July 2005. This Act was amended in the years 2005, 2009, 2012 and 2019.

42.Ans: (c)

Decimal system was introduced in India's currency system from April 1, 1957 which was named as new paisa then from June 1, 1964, based on the decimal system, 'new paisa' was converted into 'paisa'.

43.Ans (c)

The foreign exchange rate is the rate at which the currency of one country is converted into the currency of another country, i.e. the number of currency received from another country against the currency of one country is called the exchange rate. Under the floating exchange rate system, the exchange rate is determined by the demand and supply of currency.

44. Ans. (B):

Amitabh Kant is presently CEO of National Institution for Transforming India (NITI Aayog). He is a member of the Indian Administrative Service, IAS (Kerala Cadre: 1980 batch). The NITI Aayog is a policy think tank of the Government of India, established with the aim to achieve sustainable development goals with cooperative federalism by fostering the involvement of State Governments of India in the economic policymaking process using a bottom-up approach.

45. Ans. (a):

The National Sample Survey Office (NSSO)in India is a unique setup to carry out surveys on socio-economic, demographic, agricultural and industrial subjects for collecting data from house holds and from enterprises located in 'villages and in the towns. It is a focal agency of the Govt. The NSSO was established in 1950 to conduct large-scale sample surveys through out the country.

SCIENCE- 10

46. Ans.(c)

In physics, there are seven fundamental physical quantities (which are measured in base or fundamental units): length, mass, time, electric current, temperature, luminous intensity and amount of a substance.

47. Ans.(c)

In physics, power is the rate of doing work or of transferring heat or electrical energy i.e. the amount of energy transferred or converted per unit time.

Power (P) = Work (w)/ Time (t)

Work (w)

Power (P)

Time (t)

The SI unit of power is watt, which is equal to joule per second. Power is always represented in watt (W) or Kilowatt

48. Ans. (d)

Electric power is the rate, per unit time, at which electrical energy is transferred by an electric circuit. The SI unit of electric power is watt. Ampere is the unit of electric current, volt is the unit of electrical potential and coulomb is the unit of electric charge in the SI system.

49. Ans. (d)

Brahmagupta was a great 7th century mathematician and astronomer. He was born in Bhinmal in Rajasthan, He is best known for his *Brahmasphuta Siddhanta* in which he declared that all things gravitate to the earth.

50. Ans.(c)

In 1687, Isaac Newton published his law of gravitation in his book "Mathematical Principles of Natural Philosophy". Newton proposed that everybody in the universe is attracted to every other body with a force that is directly proportional to the product of their masses and inversely proportional to the square of the distance between them. In term of mathematical relationships, Newton's universal law of gravitation states that the Gravitational Force (F) between two particles of mass m_1 , has a magnitude of: and m_2

$$F = G(m_1 m_2)/r^2$$

where, r = the distance between both the masses,

G= Gravitational constant.

51. Ans.(C)

Homogenization breaks the fat into small sizes so it no longer separates allowing the sale of non-separating milks at fat specification. The fat in the milk normally separates from the water and collects

at the top. Thus the consistency and texture is homogenized. It is a purely physical process, nothing is added to the milk.

52. Ans. (b)

Eugenol is a colourless or light yellow oil extract from clove oil having chemical formula $C_{10}H_{12}O_2$. It smells like cloves with spicy pungent taste.

53. Ans.(C)

The smaller acid fruits are more suitable for jelly making since they are usually high in pectin content and acid. Guavas have high calcium and phosphorus contents. High pectin contents make guava suitable for jelly making.

54. Ans. (a)

Alum is a specific crystalline substance and the aluminium ion present in it has high coagulating property. So, the alum is considered very good for the coagulation of blood when someone gets wounded and blood starts coming out from the wound.

55.Ans. (b)

Scientists from the University of Sheffield, Britain are developing an artificial 'plastic blood', which could act as a substitute for real blood in emergency situations. The plastic blood' have a huge impact on military applications in war zones. Because the artificial blood is made from a plastic, it is light to carry, does not need to be kept cool, can be kept for longer and easy to store. Doctors could store the substitute as a thick paste in a blood bag and then dissolve it in water just before giving it to patients - meaning it's easier to transport than blood.

COMPUTER – 5

66._Ans.(a)

A black hat hacker, sometimes called a cracker, is someone who breaks computer security without any authority and uses technology to deliberately damage the system, commity fraud, steals identity and does other illegal activities on other people's networks.

67. Ans. (b)

A cracker or black hat hacker is a person who attempts to find computer security vulnerabilities and exploit them for personal financial gain or other malicious reasons. He gains unauthorized access in a computer system or network, destroys vital data, denies legitimate user's service or causes problems for their targets. This differs from white hat hackers, which are security specialists employed to use hacking methods to find security flaws that crackers or black hat hackers may exploit.

68.

Ans. (d)

Hacking, stalking and denial of service attacks all are considered as a cybercrime. Hacking is the practice to crack into someone else's system or otherwise using a programming or expert knowledge to act maliciously. Cyberstalking is the use of the internet or other electronic means to stalk or harass an individual, a group or an organization. Denial of service attack is an attempt to make a machine or network resource unavailable to its intended users.

69. Ans. (d)

Among the given options online chatting is not a cybercrime, while phishing (the fraudulent attempt to obtain sensitive information such as username, passwords and credit card details by disguising oneself as a trustworthy entity in an electronic communication), cyber stalking and identity theft are considered as cybercrime,

70. Ans.(a)

The Basic Input-Output system in computer resides hard disk.
